Completing a Protectus training course will provide you with the understanding and competence to meet the increasing demands of legislation and ensure that both you and your business are positioned to act on them. All Protectus courses can be customised to meet your specific requirements. All delegates will receive a certificate of attendance.

### Introduction

The Education sector covers a large employment area from schools to universities.

### Statistics

According to the HSE in 2004/05 the following statistics applied:  
 There were 1,011 major injuries and this sector was amongst the highest prevalence rates for stress, depression or anxiety.

<b>Major Injuries</b>		<b>Occupational ill health injuries</b>	
Manual handling/musculoskeletal injury	33% of 1,011	Musculoskeletal injuries	
Slips and trips	29% of 1,011	Work related stress	
Assault / violence	11% of 1,011		
Hit by a moving or falling object	11% of 1,011		

### Legislation

Legislation requires that managers and employees should be competent to perform their work. A person is regarded competent is they have sufficient training, experience and knowledge.

The Health and Safety at Work Act 1974 requires all employers to ensure the safety, health and welfare at work of all employees.

Under the Management of Health and Safety Regulations 1999; regulation 13 requires employers to provide adequate health and safety training.
