Completing a Protectus training course will provide you with the understanding and competence to meet the increasing demands of legislation and ensure that both you and your business are positioned to act on them. All Protectus courses can be customised to meet your specific requirements. All delegates will receive a certificate of attendance.

Introduction

The Retail & Wholesale Sector is one of the largest industries in the UK.

Statistics

According to the HSE in 2004/05 the following statistics apply to this sector:

- 6 fatal injuries in retail and wholesale trade
- 3 fatal injuries to self-employed workers
- The number of major injuries in retail and wholesale trades was 3,861

Major Injuries		Occupational ill health injuries	
Manual handling/musculoskeletal injury	21% of 3,861	Musculoskeletal injuries	
Slips and trips	37% of 3,861	Work related stress	
hit by a moving, falling or flying object	14% of 3,861	Dermatitis	

Legislation

Legislation requires that managers and employees should be competent to perform their work. A person is regarded competent is they have sufficient training, experience and knowledge.

The Health and Safety at Work Act 1974 requires all employers to ensure the safety, health and welfare at work of all employees.

Under the Management of Health and Safety Regulations 1999; regulation 13 requires employers to provide adequate health and safety training.
